■ HOW IS HOLONOX PRODUCED?

Millets, lentils, cereals and pulses are mixed as per the formula and to this powder Ayurveda Medicinal plants having muscle building actions are added.

■ HOW DOES HOLONOX DIFFER FROM OTHER FOOD SUPPLEMENTS AVAILABLE IN MARKET?

First of all, similar combination of Holonox is not available as a dietary supplement in the open market. Further, in open market most of the dietary supplements are prepared as powder directly from raw materials grown in chemical environment.

Whereas in our preparation Millets, grown in organic farming are procured and soaked and cleaned. Lentils, pulses and cereals, grown under organic farming are procured and soaked in water filled in mud/clay pots, and then they are sprouted in mud pots. These processes are done by using utensils made up of natural materials avoiding plastic etc., for natural components of ingredients to act better in humans.

■ WHAT ARE THE INGREDIENTS INCLUDED IN HOLONOX?

Important ingredients: Green gram, Horse gram, Inulin, Kheel, Malto Dextrin, Soya bean, Magnesium Chloride, Sucralose & Whey Protein

■ UNDER WHAT CONDITIONS CAN A PERSON CONSUME HOLONOX?

Primarily this is used as Health supplement to all persons especially for sports and athletes of either sex, and who are deprived of normal food intake due to any reason medically or non-medically. Persons having malnutrition, low blood content say anaemia, calcium, iron, vitamins deficiency may consume this food supplement. This product also provides good protein in people suffering from protein deficiency.

Many of the ingredients of this health supplement contain naturally occurring vitamins and consuming this prevents vitamin deficiency particularly Vita A, B, C and D. Further they contain good Vita E and provide anti-oxidant effect.

It is also very useful in persons suffering from lack of nutritional status resulting in poor performance in sports and athletic activities.
